TRAFFIC GLUB **DULY LAUNCHED**

Salt Lake City Transportation Organization Starts With 165 Charter Members.

OFFICERS' LIST APPROVED

W. F. Yeo of the Pennsylvania Lines Elected President-Initial Meeting at Commercial Club.

With 165 charter members, the Salt City Transportation club was formed by the railroad men of the city last evening, and a full corps of officers A constitution and set of bylaws for the government of the club were adopted. The organization of the lub will date from Oct. 1, by which date entrance fees and first half of the yearly dues must be in the hands of the treasurer of the club. The membership includes three classes-resident, nonresident and honorary. The honorary membership, according to the announcement of the chairman of the ommittee on constitution, is intended reserved for distinguished members upon whom the club desires to

confer honor.

The entire list of officers as presented by the nominating committee, was approved, the following being elected: President, W. F. Yeo, traveling passenger agent of the Pennsylvania lines; vice presidents, D. R. Gray, district freight agent of the Oregon Short Line; J. A. Foley, commercial agent of the Illinois Central; C. J. McNitt, auditor of the Oregon Short Line; H. E. Van Housen, superintendent of the Salt Lake Route; J. C. Palley, general superin-Housen, superintendent of the Sait Lake Route; J. C. Dalley, general superin-tendent of the Denver & Rio Grande; treasurer, Ira H. Lewis, assistant cashier of the Denver & Rio Grande; secretary, J. W. Ellingson, contracting freight agent of the Sait Lake Route.

BOARD OF DIRECTORS.

A board of directors, consisting of wo one-year members, two two-year two one-year members, two two-year members and two three-year members, was named, consisting of the following: was named, consisting of the following: R. F. Neslen, general agent of the Burlington, and J. H. Dewey, Jr., chief clerk, traffic department of the Denver & Rio Grande, one-year members; W. C. Howe, city ticket agent of the Denver & Rio Grande, and L. J. Keyes, city ticket agent of the Oregon Short Line, two-year members, and E. B. Errich, traveling, passenger agent of the win, traveling passenger agent of the Salt Lake Route, and J. H. Davis, gen-eral agent of the Colorado Midland,

D. R. Gray, who has acted as chair-man of the preliminary meetings of the club, was tendered a vote of thanks, together with Secretary J. W. Ellingson. Resolutions were passed thanking the Commercial club for the use of their assembly hall for holding the meetings, and the newspapers for the assistance they had rendered in making the initial

meetings successful. W. F. Yeo, the new president, was given an ovation when he assumed the chair as the permanent presiding officer, chair as the permanent presiding omeer, to which he modestly responded, expressing his sympathy for the club. Mr. Yeo was one of the moving spirits in the organization of the club, and the members of the organization feel that the honor has been fittingly placed.

The object of the club, according to the constitution and by-laws, is to produce good fellowishin and acquaintance.

te good fellowship and acquaintancep among the members, and to acte knowledge from a series of iccand discussions to be delivered

special excursions on the railroads, which have granted a rate of a single fare for the round trip to Sait Leke City during two of the days that the Frontier Days Wild West show will be

Frontier Days Wild West show will be here.

The shows will exhibit in the motor-drome arena, at Wandamere, Sept. 16, 17, 19 and 20. At the last celebration at Cheyenne the promoters of the show conceived the idea of sending it around the country, and particularly the district lying between Cheyenne and the Pacific coast, that people all over that region might have an opportunity of witnessing some of the "stunts" that the hardy pioneers of the plains pulled off in the days when little was grown on the plains but cattle and sheep and horses.

Women riders will take part in some of the exhibitions and contests, and 50 Sloux Indians accompany the shows to give a war-dance in full Indian war regalla. In addition there are horses and other properties that make up a train of 15 cars,

Among the horses are some of the most famous "outlaws" of the plains, some of the horses which have never yet been conquered by man, though the best and most daring riers in the world have tried. Among these is "Old Steamboat," perhaps the most famous of them all. Others are "Teddy Rosenfeldt," "Red Sandy," "Skiddoo," "Rocking Chair," "Smoky River," "Sliver City," and "Red Bird."

GOOD ROADS DELEGATES.

Governor Spry Selects Twenty Men to Attend Convention.

Twenty delegates representing Utah in the Intermountain Good Roads association have been selected by Gov. William Spry. The association will hold its meeting in Ogden, Sept. 23, 24 and 26. As representing Utah, the governor has As representing Utah, the governor has named the following delegates: D. E. Burley, James E. Jennings, Robert Skelton, C. E. Marks, all of Salt Lake City; George F. Price, Oakiey; D. R. Roberts, Logan; C. G. Adney, Corinne; John Dixon, Payson; William Archibald, Park City; D. O. Rideout, Draper; A. J. Stookey, Clover; Roscoe E. Grover, Nephi; N. J. Harris, Ogden; F. W. Stratford, Wilson; Jesse N. Smith, Layton; M. M. Steele, Junction; N. C. Foulson, Richfield; James Clawson, Spring City; E. W. EVERY MONDAY.

Every Monday is enrollment day at

STATE FAIR HOLDS

President McDonald Says 1910 Exposition Will Eclipse All Others In Every Way.

With the Utah state fair nearly a month distant, the promise is for an exhibition eclipsing in every detail the most successful of all past fairs. This year the dates are Oct. 3 to 8, and, given good weather, President J. G. that the attendance will go above the 120,000 mark made two years ago. Last year bad weather brought the aggregate of attendance down to 90,000. But, irrespective of what the weather man may serve out, Mr. McDonald feels justified in making the positive assertion that the exhibits will be more numerous, more tastefully displayed and cover a wider range than ever before.

Vast changes have been wrought since that far October day in 1856 when the state's pioneers united as the Des-eret Agricultural and Manufacturing society held the first exhibition for the

the state's pioneers united as the Desert Agricultural and Manufacturing society held the first exhibition for the purpose of encouraging domestic industry. Then there was little money in the country and the prizes were small and insignificant in the aggregate, judged by present day standards. This year exhibitors will divide prizes amounting to \$15,000 in cash, besides 24 cups and 70 gold medals. This sum, large as it is, does not include \$6,000 used in the speed department; neither does it take in \$4,000 which will be spent for the free entertainment of visitors at the fair. Free entertainment will also be given by the carnival company which will operate a midway in which a charge will be made.

Horace S. Ensign, secretary of the association, yesterday made some approximate fligures on the exhibits in 1909 with results that were surprising. More than 10,300 exhibits were on the grounds last year, and this exclusive of the speed department in which there were 250 horses. Mr. Ensign's figures are: Horses and cattle, 450; sheep, 300; hogs, 60; poultry, 1,200; dairy products, 30; agricultural products, 450; horticulture and floriculture, 375; manufactures, 5,000; minerals, 50; fine arts, 300; women's work, 1,000; educational, 1,500; dogs, 100. These figures, Mr. Ensign said, are under estimates rather than over estimates. While the pressure of taking care of the exhibitors who are applying for space and information makes it impossible for him to give figures accurately of the entries thus far this year, he said that practically every exhibitor who was at the fair in 1909 would be here in 1910, many of them with larger and more numerous exhibits than in the past, while many new exhibitors in every department have been developed. All in all, a considerable increase in the number of exhibits is looked for, as well as a marked upraise of the average quality. To date more than 150 exhibitors have made their entries, a well as a marked upraise of the average quality. To date more than 150 exhibitors have made their entries, a figure that indicates a tremendous increase, while the number of inquiries from exhibitors is far in excess of

HUCKSTER LOSES HIS ALL.

R. W. Alexander Misses Wallet Containing All Money He Had.

R. W. Alexander, a huckster, who lives

pocketbook last night containing \$12; all money he had with which to pay his the money he had with which to pay his house rent. Alexander is 67 years of age, and has a large family. He peddies vegetables, and yesterday, after a fairly good day's business, started for the office of the real estate agent to pay the monthly rent. When he had gone a few blocks he reached for his wallet and found it was gone. The worst feature of the loss is that Alexander has no money with which to purchase a stock of yegetables. The police isk that the finder of the money return to either to Alexander or to the pelice tending the stock of the money return to either to Alexander or to the pelice tending the stock of the money return to the pelice tending the stock of the money return to the tending the stock of the money return to the pelice tending the stock of the money return to the pelice tending the stock of the money return to the pelice tending the stock of the money return to the pelice tending the stock of the money return to the pelice tending the stock of the money return to the pelice tending the stock of the stoc

INVESTIGATING CLIFF DWELLINGS

Neil M. Judd Returns From Archeological Camp in The Wilds.

DOWN ON THE RIO GRANDE

Nearly 150 Rooms Excavated in Moun tain Sheep House Since Last June -Lectures for Students.

Neil M. Judd, field assistant of Dr. Edgar L. Hewett, has returned for a brief respite from the field camp in the Rito de los Frijoles canyon, where for the past three months a party of archeologists under the direction of Dr. Hewett has been digging midst ancient cliff ruins, discovering almost daily some fact worth while concerning primodinate dwellers of ancient America, Everything points towards their having been highly intelligent and peculiarly adaptive to their sur-

Besides Mr. Judd there were with Dr. Hewett, as students of American archeology, Miss Barbara Friere-Marecco of Oxford university, England: Miss Maud Woy of Denver; Donald Beauregard of Ogden and Jesse L. Nusbaum, J. P. Harrington, A. M. Chapman and S. G. Morley, members of Dr. Hewett's staff at the School of American Archeology in Santa Fe.

Over one hundred visitors from all parts of the United States joined the little party of scientific workers studying the cliff dwellings with the keenest of interest. Dr. Hewett afforded the students with him every opportunity to study as well as to en-Besides Mr. Judd there were with portunity to study as well as to en gage in the more arduous work of

During the month of June a series of investigations were conducted in Ojo Caliente canyon, a branch of the Rio Grande; and after this Mr. Judd with Mr. Beauregard and the surveyor, Percy Adams of Greeley, Colo., continu-ed to make researches through Chama canyon and up the Rio Grande as far as La Joya, a little Spanish settlement in the mouth of Embudo

On July 4 camp was moved persistent work begun on the circular community house, Tyuonyi, in El Rito de los Frijoles, a force of 26 Tewa Indians being employed to do the excavating under the direction of either Dr. Hewett or one of his assist-

MOUNTAIN SHEEP HOUSE.

Nearly 150 rooms, much smaller than those of the large village, were excavated in the Mountain Sheep House, a talus Pueblo lying under the north cliff of the Rito. Another sum-

north cliff of the Rito. Another summer's digging on this site will expose the largest ruin of this particular type that the school has yet found. Every authority who spent a week or more with the campers was prevailed upon to give lectures before the students with Dr. Hewett. Besides those delivered by Dr. Hewett, lectures were given by Dr. MacCurdy of Yale, Director A. W. Hodge of the bureau of American ethnology. Professors Junius Henderson and W. W. Robbins of the University of Colorado. and Sylvanus G. Morley, fellow in Central American archeology from the school in Santa Fe.

J. P. Harrington, also of the school

J. P. Harrington, also of the school of American archeology, delivered a special series of 24 lecture on the "Indians of the southwest," in which

"Indians of the southwest," in which he showed their linguistic and physical similarities.

Mr. Hodge, Dr. Hewett and his two assisants, Harrington and Chapman, are at present engaged in a month's investigation of the ruins in the Jemez mountains of northwestern New Mexi-co; and in a month's time the com-plete corps will begin a series of investigations among the ancient Mayan cities of Yucatan and Guatemala

RYAN DIES AT HOSPITAL.

Thomas Ryan, 55 years old, who cut his throat at Carfield some time since, and has been fighting death at the St. Mark's hospital, died at that institution Friday afternoon. The body was removed to the undertaking rooms of the Qualtrough-Allcott company and prepared for burial.

CONSOLIDATED FIRM.

Gardner & Adams Company to Have Elegant Quarters in Kearns Block.

The Gardner & Adams company, to be formed by the consolidation of the two well known clothing and men's furnishing goods firms of J. P. Gardner, 131-133 Main street and the Richardson & Adams company of 172 Main ardson & Adams company of 172 Main street, will effect their corporate union Nov. 1, when the spacious new quarters 188-144 Main street will be ready for occupancy by the completion of the great Kearns building. The steel work of this structure was long since completed, and the white terra cotta front is now up to the ninth story.

The Gardner & Adams company will occupy the 55 foot front by 155 foot deep quarters on the ground floor south of the entrance, with basement of the

"A Toothsome Flavour"

True for you, there's a treat in the crisp, nutty, delicate, sweet taste of Grape-Nuts served with cream or

milk.

(Don't spoil the food by trying to cook it. That work is done and perfectly done at the factories.)

The cream should soften it a bit, but not enough to excuse the teeth from at least a few good earnest "chews" for old Dame Nature sends rich blessings to the long chewer. Of course the one with weak teeth can soften the food with milk down to a mush if necessary, but the good old Dame doesn't smile quite so cheerfully on them.

Dame doesn't smile quite so cheerfully on them.

You know, children and adults must use the teeth and grind freely to make them grow strong and to preserve them. Then the act of chewing brings down the much needed saliva from the gums, and that helps amazingly in the digestion of foods of various kinds.

The saliva is not so much required with Grape-Nuts, for this food is partially pre-digested, that is, the starch turned into a form of sugar in the process of making, and that helps give it the fascinating flavor.

Grape-Nuts people are healthy and enjoy good things. "There's a Reason."

Read the little book, "The Road to Wellville," in pkgs. "There's a Reason."

same size. As the ceiling is 22 feet in the clear on the ground floor, it will be seen that the firm will have unusually spacious store apartments. On account of this there is plenty of room for a balcony which is to be built up around the sides and front, the latter feature being admissible on account of the 22 feet deep show windows over which the front balcomy is to run. This arrangement gives a floor space of 21,000 square reet. The Gardner & Adams company has arranged to expend a large amount of money in the latest and most approved style of to expend a large amount of money in the latest and most approved style of fixtures. Both Mr. Gardner and Mr. Adams have visited the larger cities of the Pacific coast to study the store fixtures problem, with the result that they are able to secure the best to be had. Mr. Gardner remarked today his belief that there would be no business house in this line in the entire west with superior facilities for doing business.

BOY BARELY ESCAPES DEATH FROM FLAMES

Little Frank Whalen Tries to Drive Dog From Under Bed With Fire.

Little Frank Whalen, 4 years old, had a narrow escape from being burned to death yesterday in a fire at the home of his father E. R. Whalen, a contractor, at 825 east Ninth South

The boy was playing with his dog in the front yard of the home when the dog jumped away and ran in the house. It hid under a bed in one of the rooms. Frank decided to rout him out. Securing a large handful of matches he crawled under the bed and tried to rout doggie by throwing the matches at him after lighting them. The dog made his getaway and escaped from under the bed, but the boy hardly got from under when the matches caught the bedelothing and blazed up in an instant.

The boy's mother ran into the room on hearing her son's screams and found the bed and clothes lying near a mass of flames. She ran from the house with Frank and a neighbor gave the alarm. When the fire department arrived they quickly put out the blaze. The contents of the room were totally destroyed and were valued at \$50. in the front yard of the home when
